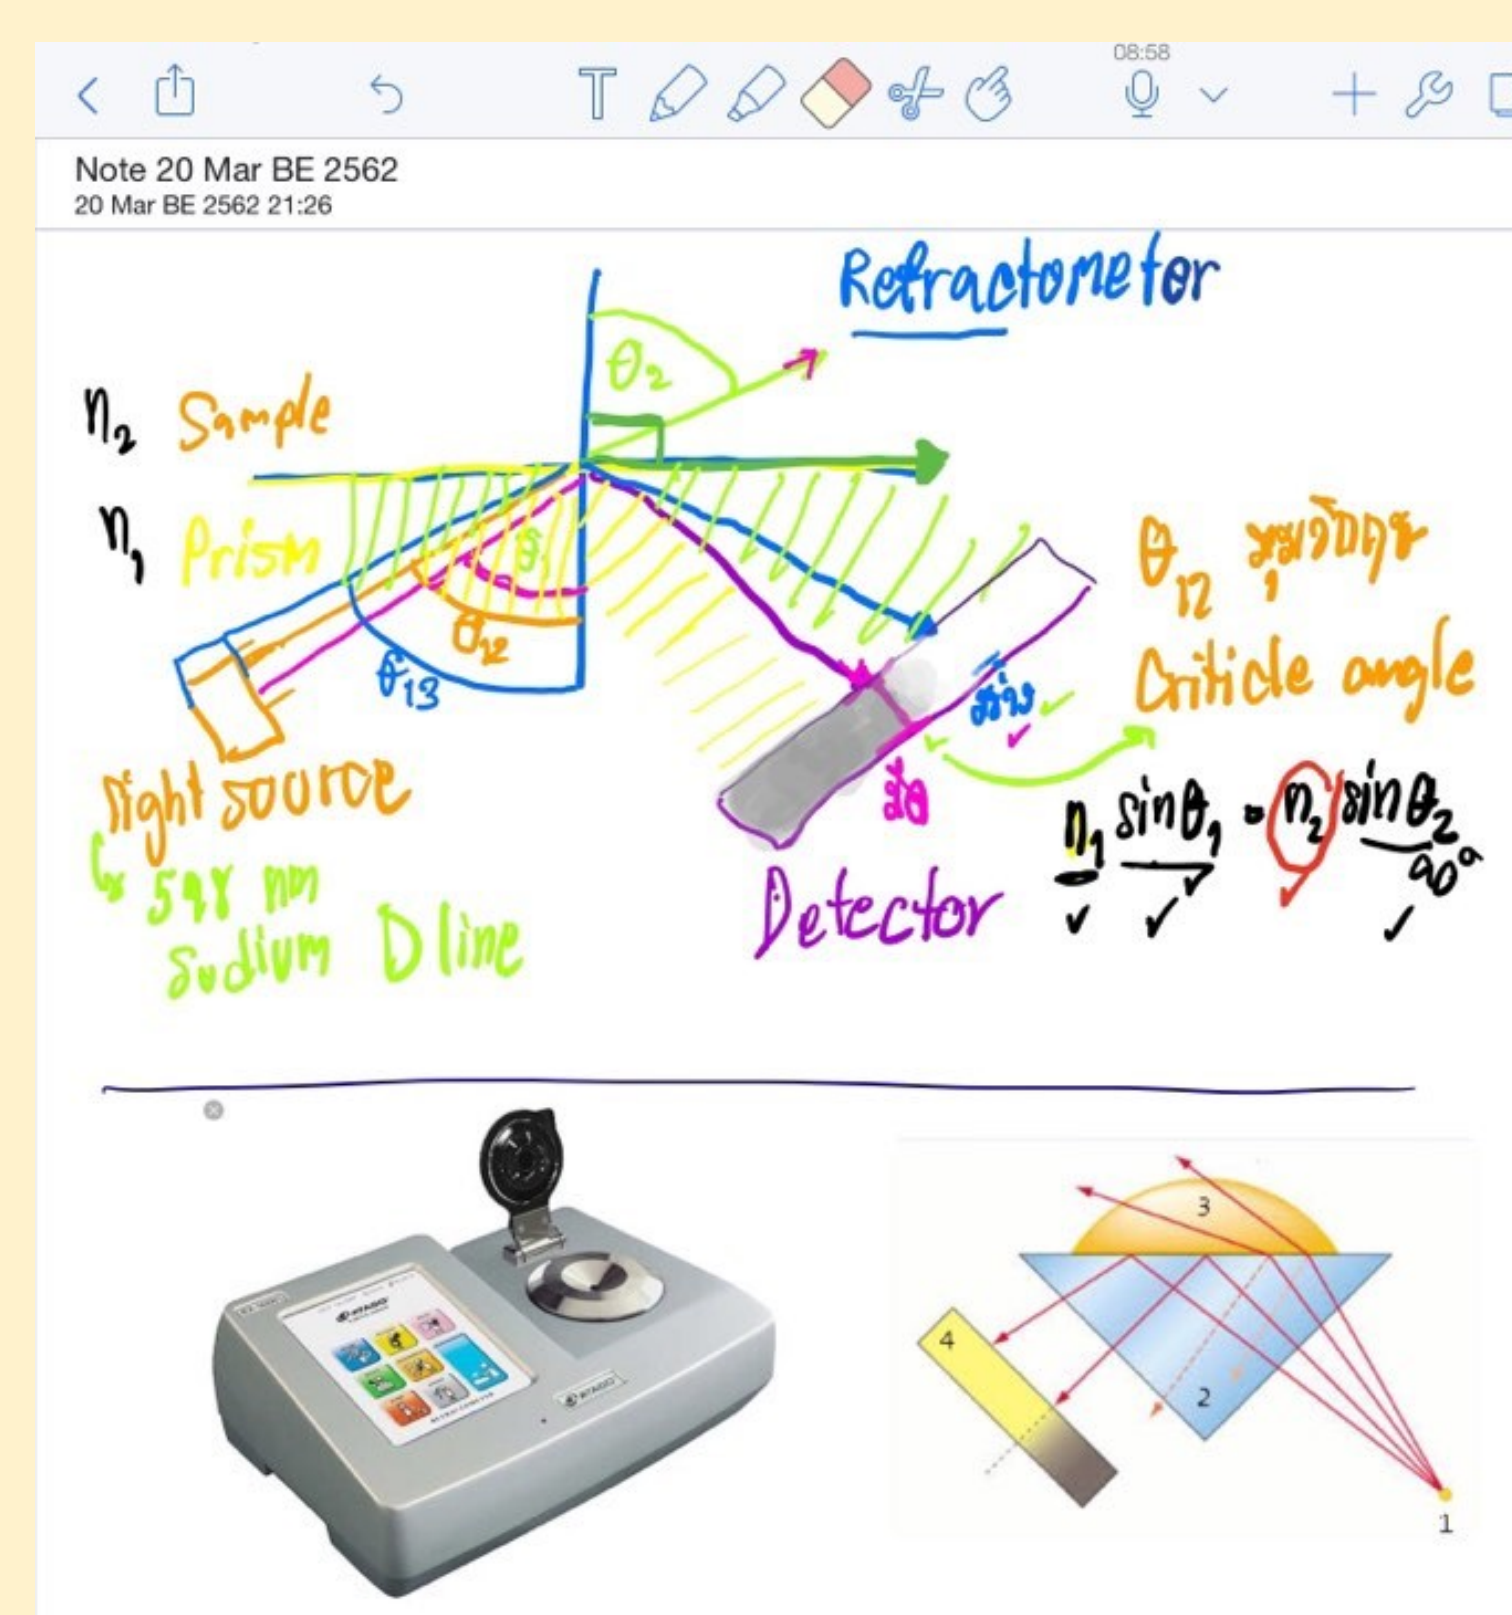

Figure. 4 Presenting with Notability

Impact and outcome

(Some Feedback from student)

- I can review the lesson with video and understand more
- I like it Please make the video more
- I can get the Note file directly through icloud, it's simple and easy.
- I got feedbacks form teacher, so I know what I have to learn more.
- After watch video, I can do the homework and get high score

Conclusion

Generation Z is leading the change in how learning takes place. They are a driving force in the innovation of new learning tools, teaching styles, and unlimited access to resources.Notability is one of the most versatile apps available for notes taking. Notability have already become an integral part of the learning process. Ease of use coupled with the proven capacity assist teachers tend learners in fulfilling traditional classroom tasks more efficiently
